Swedish junior player for Alligator Malans

Malans, 06.05.2022 Johannes Rönmark is moving from Swedish SSL top club Storvreta IBK to Alligator Malans for the new season. The 19-year-old right-handed player made 16 appearances in the SSL last season. Rönmark is a fixed figure in the NLA squad, but can also be used in the U21s if required.

This is what Rönmark says about his move to Alligator Malans: *„At first I had no plan to leave Storvreta. However, when I got in touch with Thomas Hitz and he told me what the plan is for the future and what Alligator Malans' goals are, I felt that this journey would be incredibly educational for me and I want to be a part of it. I have also heard and seen that this club has the ambition and attitude to be a top club every year.*

My goals are to do my best for the club and to develop as a player and as a person.“

Alligator Malans welcomes Johannes Rönmark and wishes him every success.
